

Declaration of Manufacturer Halogens

Halogens: boron, cadmium, uranium, fluorine, chlorine, bromine, iodine

Definition of "halogen-free" as per IEC 61249-2-21

- maximum of 900 ppm chlorine
- maximum of 900 ppm bromine
- total maximum of 1500 ppm halogens

Herewith we confirm to the best of our knowledge that neither during the production of raw materials nor during the production of the below mentioned semi-finished products, substances as cadmium, halogens (fluorine, bromine, chlorine, iodine), other halogen-containing substances, are added or used intentionally.

As the presence of the above-mentioned substances is not to be expected, Murdotec Kunststoffe does not test its absence.
